Exercise 2 — ... (Medium)	2
Exercise 3 — ... (Hard)	3
Bonus Challenge (Optional)	3

How to Work

1. The starter code is in `modules/20-docker-deployment/exercise/`. Find the TODO comments.
2. Every exercise already has tests, and they stay **red** until you solve it.
3. Run the tests:

```
./mvnw -Pexercises -pl modules/20-docker-deployment/exercise test
```

4. The exercise is done when all tests are green.
5. If you get stuck, read the hints first, then the solution in `modules/20-docker-deployment/solution/`.
